

SWIM JET SYSTEMS

“SPECK PUMPS” BADU Stream Series Swim Jet Body Made In Germany

BADU STREAM FOR NEW POOLS

The BADU Stream Jet System offers many different packages in a wide price range, to satisfy a variety of exercise styles and budgets. The system accommodates installation in limited space and carrying pool wall designs.

- The BADU Stream can be used as a single, double or triple jet system with one or two pumps.
- A single jet system generates a narrow and faster stream and is the most economical swimjet system.
- With two jets, it is perfect for the recreational swimmer with an intermediate level of exercise.
- The most powerful system available is out three jets/two pump system, providing the ultimate performance for higher levels of exercise.
- The BADU Stream can be installed in vinyl liner, steel wall, fiberglass and gunite pools.
- Each BADU Stream jet is a flush mounted anti-entrapment combination fitting in its own housing
- Options include a therapeutic pulsating massage house, perfect for relaxing after a workout
