

## ARAL PLUS C-1500 CENTRIFUGAL PUMPS

The ARAL PLUS C-1500 made in cast iron and it specifically designed for public pools. Its four-poles, 1.450rpm, design motor up to 25HP, is meticulously crafted for high-performance, offering large flows optimal for substantial pools while maintaining low level of noise during its operation.

All components in contact with water undergo a cataphoresis treatment, significantly extending the lifespan of the cast iron by providing a robust barrier against corrosion and oxidation, ensuring durability and sustained performance over time.

Also available with bronze impeller.

### MATERIALS

- Pump housing: Cast iron
- Shaft: Stainless steel AISI 316L
- Impeller: Cast iron (also available in bronze)
- Mechanical Seal: Carbon + Ceramics
- Screws: Stainless steel AISI 304
- Pre-filter basket: AISI 304

- IP55
- Standard motor (EN IEC 60034-7)
- Cataphoresis treatment
- Flow rate: up to 340 m<sup>3</sup>/h
- Power rate: from 3HP a 25HP
- Motor: 50Hz/1450 rpm. Available also at 60Hz (code XXXX-0810)

## ARAL PLUS STRAINERS PRE-FILTER

Made in cast iron and strainer made in AISI-304.  
Working pressure 2 bar. Flange connection are  
manufactured in accordance with DIN-2501 Standard.

### MATERIALS

- Pre-filter housing and cover: Cast Iron.
- Strainer basket: Stainless Steel AISI-304.
